

# SLIIT INTERNET PORTAL

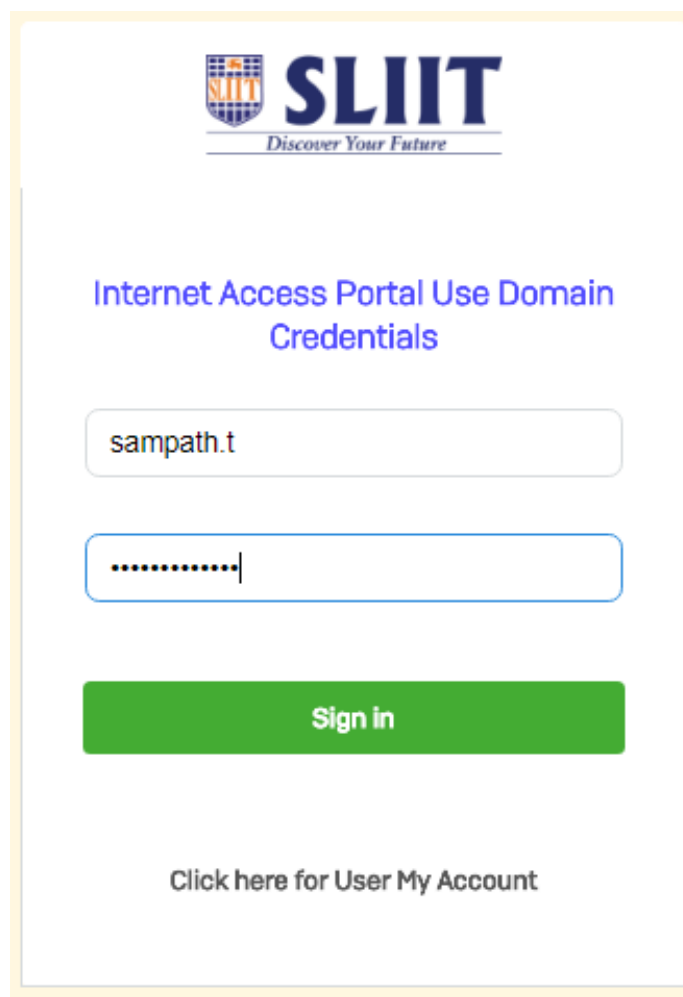

## HOW TO ACCESS INTERNET AT SLIIT (MALABE CAMPUS)

01. Open the web Browser and type the following url

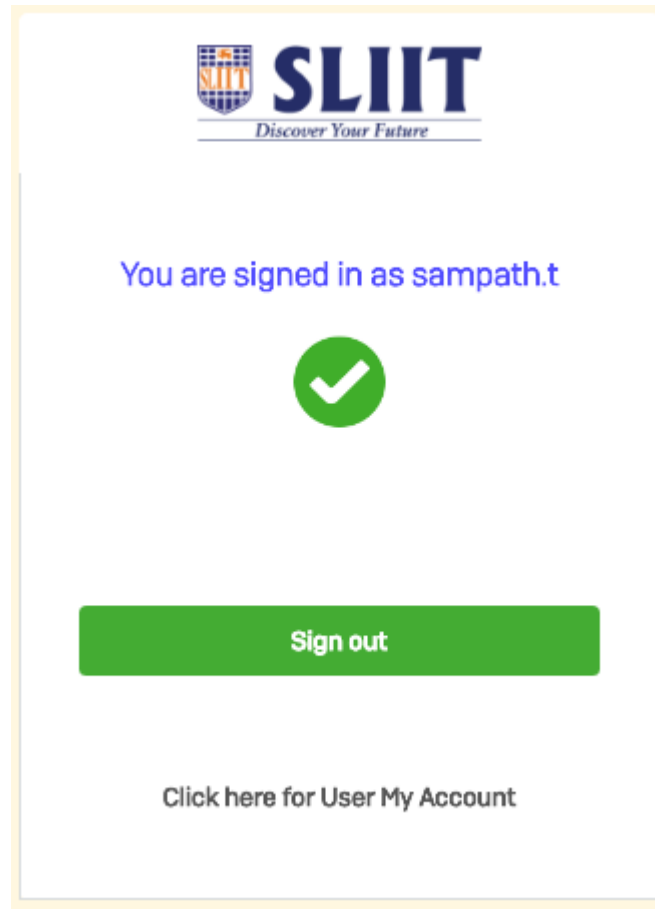

[iportal.sliit.lk:8090](http://iportal.sliit.lk:8090)

02. Enter your domain credentials and click “Sign in”

A screenshot of the SLIIT Internet Access Portal login page. The page features the SLIIT logo at the top, followed by the text 'Internet Access Portal Use Domain Credentials'. Below this, there are two input fields: the first contains the domain 'sampath.t' and the second contains a masked password '.....'. A green 'Sign in' button is positioned below the password field. At the bottom of the page, there is a link that says 'Click here for User My Account'.

03. The successful login will be appeared as below.

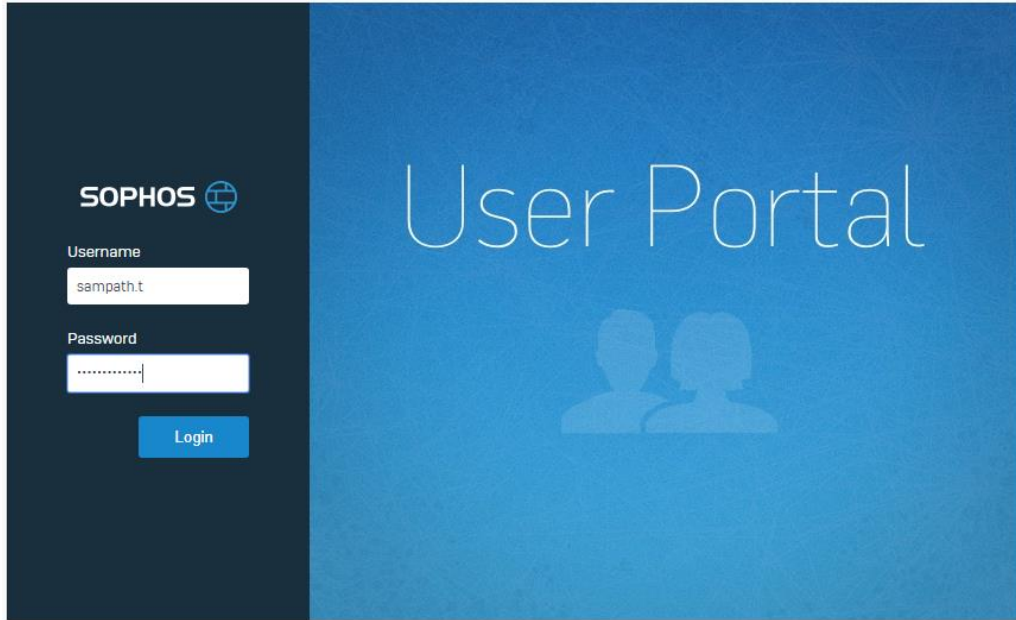

**Note: Please do not close the captive portal and open another tab to browse internet.**

Make sure to sign out before shutting down the computer.

You can see the usage of your data quota click on the link below of the dialog box “Click here for User My Account”

A screenshot of a web browser showing the Sophos User Portal 'My Account' page. The browser's address bar shows the URL 'https://portal.sliit.lk/userportal/webpages/myaccount/index.jsp#10854'. The page title is 'User Portal for sampath.t@sliitstaff'. On the left is a dark blue navigation menu with options: Home, Personal, Download Client, Internet Usage (highlighted), SMTP Quarantine, and Logout. The main content area is titled 'Policy Information' and contains a table with user details.
